

30 t ... 50 t

Rocker System 55-01-07C with RC3 Load Cell

Product Description

Flintec load cell supports are designed to prevent unwanted forces from affecting load cell performance.

The type 55-01-07C is a self aligning rocker system, combining excellent load introduction with low profile design.

Especially designed for the RC3/RC3D load cells.

Material: steel, zinc plated.

A mounting fixture is available for easy and accurate positioning of foundation plates.

Key Features

- Capacity 30 t, 40 t and 50 t
- Low cost
- Very easy to install
- Especially designed for weighbridges
- W&M certified

Available Accessories

- Mounting fixture
- Welding plate
